This big steam engine huffed and chuffed its way past Myrtle street in Dunmore with lots of people cheering and taking pictures! The Nickle Plate Road 765 Locomotive is part of Railfest at Steamtown going on this weekend, at the same time as La Festa Italiana! (BTW, shout out to my buddy Dani-elle who will be playing at La Festa @4:30 on Saturday. #NashNext @Danisingz) It's a really great weekend to be in Scranton!
